

## Card Commerce.

### Made Easy.

#### Do you want to:

1. Reduce your monthly credit and debit fees?
2. Replace your gift vouchers with a gift card programme?
3. Build customer relationships through Savings and Rewards Schemes or Promotions
4. Issue online gift vouchers for use in your online store?
5. Generate new revenue streams from new services?

If you've answered YES to any of the above questions then you should be talking to us! From our beginnings as the leading provider of gift card programmes in the UK and Ireland, we have now broadened our service to offer you a best value range of payment solutions and services.

Now with Card Commerce you get more for less. You get access to more services that will generate more revenue and help you to build closer relationships with your customers. And you get credit and debit fees that are less than you're paying today.

#### Lower Cost Credit and Debit Processing

Credit and debit card processing from Card Commerce allows you to quickly and easily accept all major card types - Visa®, MasterCard®, Laser, Maestro International, Diners® and American Express® credit and debit card transactions - at the best possible rates on the market today.

#### Judged by the company we keep

Card Commerce is a trusted partner to many of the UK and Ireland's leading payment providers. For over five years we have worked with Barclaycard, HSBC and Elavon. Between them they have entrusted us with deploying and managing hundreds of programmes on their behalf.

**And if they trust us, we think you can too!**

---

**More Services at less cost.  
Card Commerce. Made Easy.**

#### What is Card Commerce?

Payments is the life blood of your business – without it there would be no business! Card Commerce provides a range of payment solutions that will reduce costs, help you to get more from your existing customers, generate new customers and, overall, increase their spending.

#### Benefits to You

- Decreased Costs**  
Through our range of services and solutions we guarantee that we will save money for your business!
- One Single Solution**  
Whether you have terminals, EPOS or an online store, we can offer you a range of fantastic, revenue generating services
- Superior Customer Service**  
Whether online or in our customer support centre, you can be assured of world-class customer service

## More New Services

With Card Commerce you get access to a whole range of services and products that will allow you to increase revenue, reduce costs and further improve relationships with your customers.

### Gift card

Increase sales and decrease theft, fraud and programme costs by replacing your existing paper vouchers with gift cards

### Savings and Promotions

Offer your customers a savings scheme to spread the cost of special events like Christmas or a wedding (and guarantee that they spend that money with you!) Launch promotions to get more customers into your shop more often

### Rewards

Our Rewards solution will allow you to capture customer details and design a programme to reward their continued loyalty in a variety of different ways.

### Dynamic Currency Conversion (DCC) and Tax Free Shopping

Offer your international customers an easy way to claim their sales tax back and allow them to pay for goods in their home currency whilst, at the same time, generating new revenue for you.

**Whether you're looking to reduce credit and debit fees or introduce gift card, rewards, savings, promotions or another payments product, we know that we can meet and exceed your requirements whilst saving you money and increasing revenue.**

**Call us today to find out more about what Card Commerce can do for your business.**

## What Next? Call Us!

Give us a call today and speak to one of our consultants who can give you more detail on a solution that will meet the specific needs of your business

### Industry Leading Terminals

It's time to get rid of that clunky, slow old terminal taking up valuable counter space! Our industry leading, multi-function terminal gives you fast and secure credit and debit card processing in addition to a host of other valuable services. And, depending on the business you are in, you can choose from three terminal types – countertop (perfect for tills or reception desks), handheld (great for restaurants and bars) or mobile (3G based for when you are away from a phone-line).
